

Essential Guide to the Steel Square

Table of Contents

| | |
|--|----|
| Chapter 1. Introduction..... | 1 |
| Square and True..... | 2 |
| The Modern Steel Square..... | 3 |
| Chapter 2. History of the Steel Square..... | 4 |
| Making Tools in Colonial America..... | 5 |
| Making Steel Tools..... | 8 |
| Making Metal Squares..... | 10 |
| Eagle Square Company..... | 11 |
| Sears, Eagle, and Stanley..... | 14 |
| Chapter 3. A Close Look at the Steel Square..... | 15 |
| Right Triangle..... | 16 |
| Area of Right Triangle..... | 16 |
| Length of Diagonal..... | 16 |
| Circumference..... | 16 |
| Angles on the Calculator..... | 16 |
| Describing the Square..... | 17 |
| Chapter 4. Types of Squares..... | 20 |
| Try Square..... | 20 |
| Try-Miter Square..... | 23 |
| Combination Square..... | 23 |
| Framing Square..... | 23 |
| Speed Square..... | 24 |
| Chapter 5. Testing for Square..... | 25 |
| Check Against a Standard..... | 26 |
| Use a Straight Edge..... | 27 |
| Checking Two Squares..... | 27 |
| Use the Mirror Image..... | 28 |
| Check a 45° Speed Square..... | 28 |

| | |
|--|----|
| Chapter 6. Truing a Square..... | 30 |
| Steel Squares..... | 30 |
| Machinist's Square..... | 31 |
| Try Square..... | 32 |
| Speed Square..... | 32 |
| Chapter 7. Problem-Solving Techniques..... | 34 |
| The Right Triangle..... | 35 |
| Ratio and Proportion..... | 35 |
| Fences for the Steel Square..... | 36 |
| Using the Adjustable Arm..... | 37 |
| Pulley Sizes and Speed..... | 37 |
| Using the Proportioning Line..... | 38 |
| Comparing Circles and Squares..... | 38 |
| Using the Diagonal..... | 39 |
| Combining Two Circles..... | 39 |
| Square Attachments..... | 40 |
| A Makeshift Level..... | 41 |
| Construct a Protractor..... | 42 |
| Chapter 8. Using the Scales on a Square..... | 43 |
| Essex Board Feet Measure..... | 43 |
| Finding Board Feet..... | 44 |
| Board Feet in Thick Plank..... | 45 |
| Board Feet in Long Plank..... | 45 |
| Brace Measure..... | 46 |
| Brace Length..... | 47 |
| Long Brace Length..... | 48 |
| Hundredths Scale..... | 48 |
| Decimal to Fraction..... | 49 |
| Diagonal Scale..... | 49 |
| Hundredths of an Inch..... | 49 |
| Octagonal Table or Eight-Square Scale..... | 50 |
| Square to Octagon..... | 50 |
| Chapter 9. Stairs..... | 52 |
| Stairway Design Considerations..... | 53 |
| General Stair Rules (Residential)..... | 53 |
| Stair Ratio..... | 55 |
| Stairway Types..... | 56 |
| Designing a Staircase..... | 57 |
| The Steel Square in Stair Design..... | 58 |

| | |
|--|-----|
| Staircase Layout..... | 59 |
| Find the Number of Risers..... | 60 |
| Find the Unit Rise..... | 61 |
| Find the Number of Treads..... | 61 |
| Find the Tread Depth..... | 62 |
| Find the Total Run..... | 62 |
| Final Staircase Dimensions..... | 62 |
| Marking the Stringer..... | 63 |
| Stair and Baluster Problems..... | 63 |
| Building a Ladder Stair..... | 63 |
| Baluster Spacing..... | 66 |
| Spacing Staircase Balusters.... | 67 |
| Spacing Balusters with a Story Pole..... | 68 |
| Chapter 10. Roofs..... | 70 |
| Roof Types..... | 70 |
| The Theory of Roof Framing..... | 72 |
| Rafter Measurement..... | 72 |
| Definition of Terms..... | 76 |
| Chapter 11. Laying Out the Rafters.... | 82 |
| Rafter Length..... | 82 |
| The Building Dimensions..... | 82 |
| 1.Finding Rafter Length with Math.... | 83 |
| 2.Finding Rafter Length Using the Rafter Tables..... | 85 |
| 3.Finding Rafter Length Using the Step- Off Method..... | 87 |
| 4.Finding Rafter Length by Proportioning..... | 88 |
| 5.Finding Rafter Length by Direct Layout..... | 88 |
| Summary of Methods to Find Rafter Length | 89 |
| Laying Out Common Rafters..... | 90 |
| Hip and Valley Rafters..... | 92 |
| Length of Hip Rafter..... | 93 |
| Jack Rafters..... | 96 |
| Jack Rafter Length..... | 96 |
| Chapter 12. The Speed Square..... | 98 |
| History..... | 98 |
| Description..... | 99 |
| Using the Speed Square to Cut Common Rafters..... | 100 |

| | |
|--|-----|
| Hip and Valley Rafters..... | 105 |
| Degree Scale..... | 105 |
| Chapter 13. Circles and Square Problems..... | 106 |
| Finding the Center of a Circle..... | 106 |
| Lay Out a Semicircle of Given Diameter..... | 108 |
| Draw a Circle through Three Points.. | 109 |
| Draw a Circle around a Polygon..... | 111 |
| Make an Octagon from a Square..... | 112 |
| Make an Eight-Sided Column from a Square Post..... | 113 |
| Convert a Square to an Octagon..... | 115 |
| Testing a Semicircle..... | 116 |
| Find the Circumference of a Circle from Its Diameter..... | 117 |
| Find a Square with Area Equal to a Circle..... | 118 |
| Find a Circle with Area Equal to a Square..... | 120 |
| Doubling the Area of a Square..... | 121 |
| Halving the Area of a Square..... | 122 |
| Find a Circle Equal in Area to Two Other Circles..... | 123 |
| Find a Circle Equal in Area to Two or More Other Circles..... | 125 |
| Find the Length of a Diagonal of a Square..... | 126 |
| Bisect an Angle..... | 128 |
| Chapter 14. Laying Out Angles..... | 130 |
| Reference Lines on the Table Saw.... | 131 |
| Lay Out Angles of 30° and 60°..... | 132 |
| Lay Out a 45° Angle..... | 134 |
| Lay Out Any Angle..... | 134 |
| Lay Out any Angle from 1-45°..... | 136 |
| Lay Out Half Angles..... | 138 |
| Lay Out Degree Fractions..... | 139 |
| Lay Out Any Angle from 45° to 90°.. | 140 |
| Find Angles for Segmentation Turning..... | 141 |
| Cutting Crown Molding..... | 143 |
| Sawhorse with Splayed Legs..... | 145 |
| Chapter 15. Proportioning Problems.. | 147 |

| | |
|------------------------------------|-----|
| Equal Division..... | 147 |
| Proportioning..... | 148 |
| Proportioning Line..... | 149 |
| Finding Tree Height..... | 150 |
| Square Yards from Square Feet..... | 152 |
| Find Length of a Brace..... | 153 |
| Cut a Leaning Post..... | 154 |

Chapter 16. Arch, Arc, and Ellipse

| | |
|-----------------------------------|-----|
| Problems..... | 156 |
| Find the Radius of an Arc..... | 156 |
| Lay Out a Large Arch..... | 158 |
| Lay Out an Ellipse..... | 159 |
| Construct an Elliptical Arch..... | 160 |
| Draw an Oval..... | 163 |
| Bending Boards by Kerfing..... | 164 |

Chapter 17. Cylinders and Cones: Sheet-

| | |
|--|-----|
| Metal Problems..... | 166 |
| Raised Conical Cover..... | 166 |
| Raised Conical Cover Variation..... | 168 |
| Round Pipe through Pitched Roof.... | 169 |
| Lay Out a Square Exhaust Pipe..... | 171 |
| Lay Out a Flange for the Square Exhaust Pipe..... | 172 |
| Lay Out a Rectangular Exhaust Pipe. | 172 |
| Lay Out a Cylindrical Exhaust Pipe.. | 174 |
| Lay Out a 60° Y..... | 175 |
| Pipe through a Sloped Roof..... | 177 |

| | |
|------------|-----|
| Index..... | 178 |
