

Get more from your TS 75 plunge-cut saw with these accessories. Work faster and more efficiently. Save time, money and achieve better results.

	<p>Standard Blade Item# 493197</p>	<p>18-tooth saw blade for coarse cuts in wood, building panels and soft plastics. Great general purpose blade to avoid wear on fine saw blade. Saves money.</p>
	<p>Panther Blade Item# 493196</p>	<p>16-tooth, aggressive rip blade with deep gullets for fast and easy, coarse rip cuts. Fastest rip blade on the market. Saves time.</p>
	<p>Universal Blade Item# 493198 (included with saw)</p>	<p>36-tooth multipurpose saw blade. Replacement stock blade for clean, quality cuts. Excellent rip blade for glue-ready cuts. The one blade that does it all. Save money on blades.</p>
	<p>Fine Tooth Blade Item# 493199</p>	<p>52-tooth saw blade for fine cross cuts on sheet goods, melamine or glue-ready cross cuts in soft and hard woods. Produces finest quality cut, eliminates the need for reworking, save time.</p>
	<p>Laminate/Solid Surface Blade Item# 493200</p>	<p>60-tooth extra tough triple-chip blade with positive hook specially designed for hard materials like laminate flooring and solid surface countertops. Long lasting blade saves on sharpening and replacement costs.</p>
	<p>Aluminum/Plastic Blade Item# 493201</p>	<p>72-tooth triple-chip blade with negative hook for aluminum and nonferrous metals, acrylic, hard plastic and fiber-reinforced plastic. Can be used on solid surface for perfect cut quality.</p>
	<p>Steel Cutting Blade Item# 493351</p>	<p>36-tooth highly durable blade for cutting steel clad wooden doors and mild steel up to 3mm (almost 1/8") thick. Ideal for steel roofing panels and other sheet steel.</p>
	<p>FS guide rails from 32" to 197". See catalog.</p>	<p>Upgrade to a longer guide rail. FS1900 (491503) recommended for cross-cuts in sheet-goods and FS3000 (491501) for rip-cuts.</p>
	<p>Guide Rail Accessory Kit. Item# 492396</p>	<p>All the guide rail accessories in one kit. Comes with angle-unit (protractor), limit stop, hose deflector, 2 connectors, 2 clamps and spare splinter guard for guide rail in a handy Systainer. Make the most of the guide rail system.</p>

	<p>Guide Rail Connectors Item# 482107</p>	<p>Connect guide rails to create any length for perfectly straight cuts. One each. Two are needed to connect guide rails.</p>
	<p>FS Rapid Clamp Item# 489790</p>	<p>Ratcheting, pistol-grip clamp secures guide rail in seconds, saves time, adds peace-of-mind. Avoid costly mistakes, save time and money.</p>
	<p>Standard Clamps Item# 489570 4 3/4" Item# 489571 11 3/4"</p>	<p>Versatile clamps work with guide rail and other Festool accessories. Secure guide rail, add peace-of-mind, save time. Two included.</p>
	<p>Quick Clamp Item# 491594</p>	<p>Ratcheting clamp works with guide rail and other Festool accessories. Locks easily, releases quickly to secure guide rail for peace-of-mind and fast work.</p>
	<p>Parallel Stop Item# 492243</p>	<p>Mounts on either side of saw table for rip cuts. Use either as extension table to add support or as parallel guide to make accurate cuts without guide rail.</p>
	<p>Guide rail tote bag Item# 466357</p>	<p>For FS1400/2 (55") guide rail and smaller. A convenient way to take guide rails on the road and protect them.</p>
	<p>Limit Stop Item# 491582</p>	<p>One included with saw. Convenient stop attaches to guide rail to limit plunge cuts. Helps preventing kickbacks. Get better results, work more safely.</p>
	<p>Gecko Set Item# 493507</p>	<p>Gecko suction cup can be attached to guide rail to attach guide rail when no other clamp will work. Can be used to lift and carry large, awkward loads that are difficult to handle.</p>
	<p>Splinter Guard Item# 491473</p>	<p>Secondary splinter guard mounts on housing for splinter-free cuts on off cut side of blade. Must-have for Melamine and expensive sheet goods for perfect results. Save money on materials.</p>
	<p>Splinter Guard for Guide Rails Item# 488468 (32") Item# 483164 (55") Item# 488467 (118")</p>	<p>Replacement rubber splinter guard for guide rails for splinter-free cuts.</p>
